

TeleGate Mocap Dataset Permission

This Dataset License Permission (the "Permission") is entered into between AnyWit Robotics Co., Ltd. (hereinafter referred to as "We" or "the Licensor") and the end user who accepts the terms hereof (hereinafter referred to as "You" or "the Licensee"). The Dataset is prohibited from any commercial use and is made available to You free of charge for academic, research and teaching purposes only, provided that You comply with all terms and conditions of this Permission.

Effective Date of the Permission

You must fully complete the End User Information Form (the "Form"), indicate your acceptance of this Permission and submit the Form to us. We will evaluate the information you provide. If your application is approved, we will contact you. This Permission shall take effect between the two parties upon your receipt of the written notice of approval and the fully executed original copy of this Permission.

Definitions

1. The "Dataset" refers to the TeleGate Mocap Dataset and all relevant information and materials provided to You by us after the execution of this Permission. The Dataset contains no personal privacy information and has undergone format optimization for the convenience of research.
2. "Derivative IP" refers to any derivative works of the Dataset, any other products or works developed or created by utilizing the Dataset, and any inventions directly or indirectly made by You in the course of using the Dataset, including but not limited to algorithms developed with the Dataset, and trained or untrained models based on the Dataset.

License Grant

We hereby grant You a free, revocable, non-sublicensable, non-transferable and non-exclusive license to use the Dataset for non-commercial purposes only, such as scientific research and teaching. You may use the Dataset pursuant to this license, subject to strict compliance with the following conditions:

1. **Derivative IP:** You may publish Derivative IP for academic, research and teaching purposes only, including but not limited to algorithms, trained/untrained models

and optimized models developed or created with the Dataset. Provided that: (a) You shall not disclose the Dataset or any part thereof when publishing Derivative IP; (b) the Derivative IP shall not enable the restoration or reconstruction of the Dataset in any way; and (c) You shall not provide the Derivative IP to any commercial organization or individual for use.

2. **Attribution:** You must clearly state the source in all Derivative IP as follows: "This work (model/software) was developed using the TeleGate Mocap Dataset. Any related paper, publication or patent shall cite the following paper:
Jie Li, Bing Tang, Feng Wu, Rongyun Cao. "TeleGate: Whole-Body Humanoid Teleoperation via Gated Expert Selection with Motion Prior." arXiv preprint arXiv:2602.09628, 2026.
3. **Restrictions:**
 - (a) You shall not use the Dataset or any Derivative IP for commercial purposes, nor engage in any activities that endanger national security, social order, public interests or infringe upon the legitimate rights and interests of others.
 - (b) You shall not disclose, publish, sell, transfer, distribute or otherwise make the Dataset or any part thereof available to any third party.
 - (c) You shall not disassemble, decompile or reverse engineer the Dataset.
 - (d) We reserve the right to impose additional restrictions on your use of the Dataset, with prior written notice to You before any such additional restrictions take effect.
 - (e) You shall comply with all applicable laws and regulations in connection with your use of the Dataset.
 - (f) Unless otherwise authorized in writing by us and in compliance with applicable laws and regulations, the Dataset shall not be used outside the territory of the People's Republic of China. You may only store the Dataset securely on your organization's servers in the People's Republic of China or on the cloud servers based in the People's Republic of China of a reputable cloud services provider.
4. **Ownership:** We retain full and exclusive ownership of the Dataset and all related intellectual property rights therein. Nothing in this Permission shall be construed as a grant or transfer of any right, title or interest in or to the Dataset to You, and all such rights are expressly reserved by us. You shall not assign any of your rights or obligations under this Permission to any third party.
5. **Confidentiality:** You shall exercise reasonable care to maintain the confidentiality of the Dataset. You shall not publish, transfer or disclose the Dataset or any part thereof to any third party without our prior written consent.

6. **Privacy:** Your full completion of the Form and acceptance of this Permission constitute your consent to our processing of the personal information you submit. If your application is approved, we will contact you via the personal information you provide. Please review our Privacy Policy carefully to understand our practices regarding the collection, use, storage and disclosure of your personal information. You shall not use the Dataset in any manner that infringes upon personal information rights.
7. **Representations and Warranties:** You represent and warrant that all statements, warranties, information and materials you provide to us under this Permission are true, complete and accurate. Unless otherwise authorized in writing by us, you shall not publish or use our company name, abbreviation, commercial logo or other identifying marks in any public channel or occasion, nor expressly or impliedly claim any form of commercial transaction or affiliation with us, except as required for the attribution of the Dataset pursuant to this Permission.
8. **Termination:**
 - (a) This Permission may be terminated by the written mutual consent of both parties;
 - (b) We may terminate this Permission immediately if You breach any of your obligations hereunder;
 - (c) We may terminate this Permission by giving You a 30-day prior written notice.Upon termination of this Permission, You shall, within ten (10) natural days or at our written request, destroy all materials related to the Dataset (including all copies, excerpts, summaries and records thereof) and provide us with a written certification of such destruction.
9. **Amendment:** We reserve the right to amend this Permission unilaterally at any time. Please review the latest version of this Permission regularly. Any amended version shall take effect immediately upon its publication. Your continued use of the Dataset after the publication of an amended version constitutes your acceptance of the revised terms and conditions. If You do not agree to the amended terms, You must cease using the Dataset immediately. Any dispute arising from the use of the Dataset shall be resolved in accordance with the terms effective at the time of the termination of this Permission.
10. **Notices:** All written notices from us to You shall be sent to the email address you provided in the Form.
11. **Term of Validity:** This Permission shall remain in effect for two (2) years

commencing on the date of signature. Upon the expiration of the two-year term, You shall no longer have the right to use the Dataset. If You wish to continue using the Dataset, You must reapply for the license and execute a new Permission with us.

12. **Change of End User Information:** If any of your information changes and is inconsistent with the information provided in the Form, your right to use the Dataset shall be immediately terminated. If You wish to continue using the Dataset, You must reapply for the license and execute a new Permission with us.
13. **Disclaimer and Limitation of Liability:** The Dataset and its related products or technologies are provided to You "as is" without any warranty of any kind, either express or implied, including but not limited to warranties of title, merchantability, fitness for a particular purpose and non-infringement. To the fullest extent permitted by applicable law, we shall not be liable for any direct or indirect damages, nor for any consequential, punitive, special damages or loss of profits arising out of or in connection with the Dataset, Derivative IP, or your use of the Dataset and its related products or technologies.
14. **Dispute Resolution:** This Permission shall be governed by and construed in accordance with the laws of the People's Republic of China, excluding the application of conflict of laws rules. Any dispute arising out of or in connection with the performance of this Permission shall first be resolved through amicable negotiations between the two parties. If negotiations fail, both parties agree to submit the dispute to the people's court where AnyWit Robotics Co., Ltd. is located for litigation.

For any further questions, please contact us at research@anywit.com.

If You fail to fully comply with any term or condition of this Permission, all rights granted to You hereunder shall be automatically terminated. You agree to immediately cease using and delete the Dataset, and shall be solely liable for all consequences arising from such breach.

End User Information Form: (Only the users listed in this Form are entitled to the right

to use the Dataset)

Name	Affiliation	Position	Email and Mobile Phone

End User's Signature(s):

Date:

Your signature on this Permission constitutes your unreserved acceptance and undertaking to strictly comply with all terms and conditions hereof.
